

SIGNS NOW - IMPRESSING OUR CUSTOMERS

If practicable, we would like to come and see you and the premises where the signs are to be located

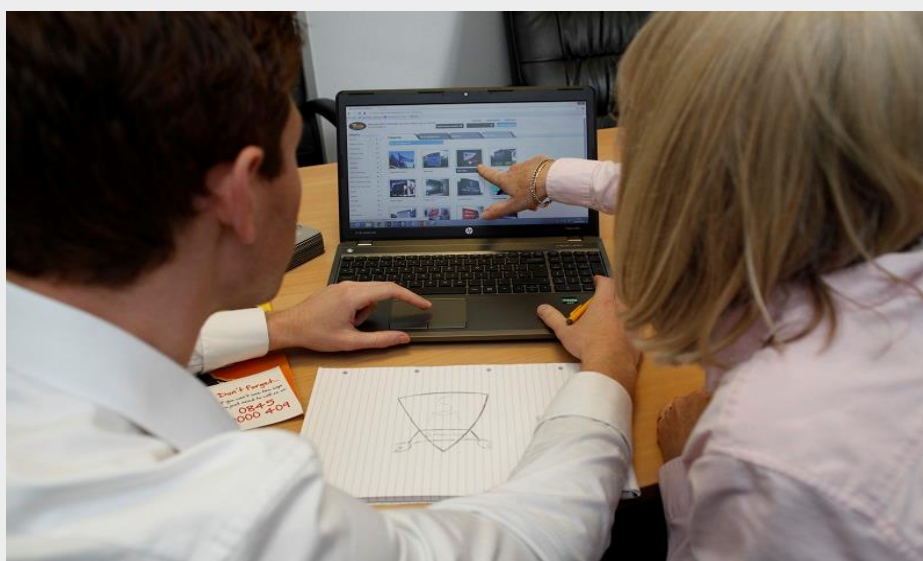

This allows you to explain your ideas face-to-face

The Surveyor can show you samples, ideas, and colour options

**If you wish, our Surveyor can prepare a cost quotation for you during this visit.
The Signs Now Surveyor has all the information you need on his lap-top**

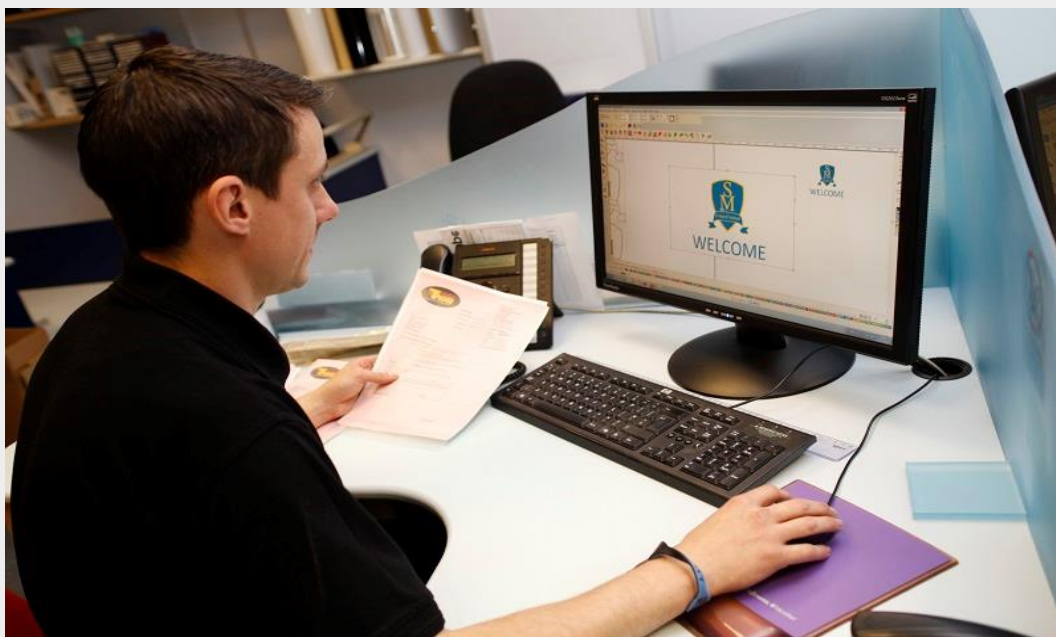

**Once you have a proposal that meets your budget we will ask you to sign our quotation
THANK YOU FOR YOUR ORDER**

Our Surveyor will convey your requirements to the Designer

We would ask you to allow about a week for our Designer to send you a design to approve

You need to carefully check the sign design and you are free to revise and change as needed

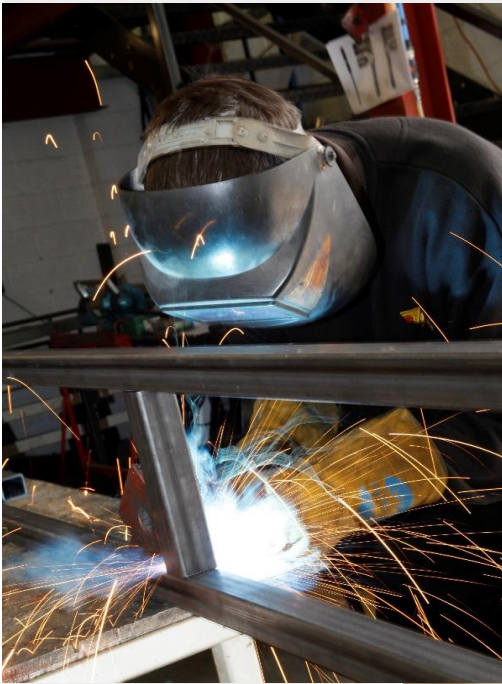

Once the artwork is approved we can start to make your sign - give us about a week

**We can cut the vinyl needed
for your sign**

**and we can
weed and tape
the vinyl**

we can weld

we can print graphics on to your vinyl

we can cut your sign to size

**and we can
print your sign
direct to board**

And finally we can assemble your sign

every
sign
goes
through
Quality
Control

All signs are fitted by our own highly trained installers

all
our
fitters
are
DBS
checked

our
fitters
are
trained
to
work
safely

OUR MISSION IS TO IMPRESS OUR CUSTOMERS
