A SIGN GUIDE FOR THE OFFICE

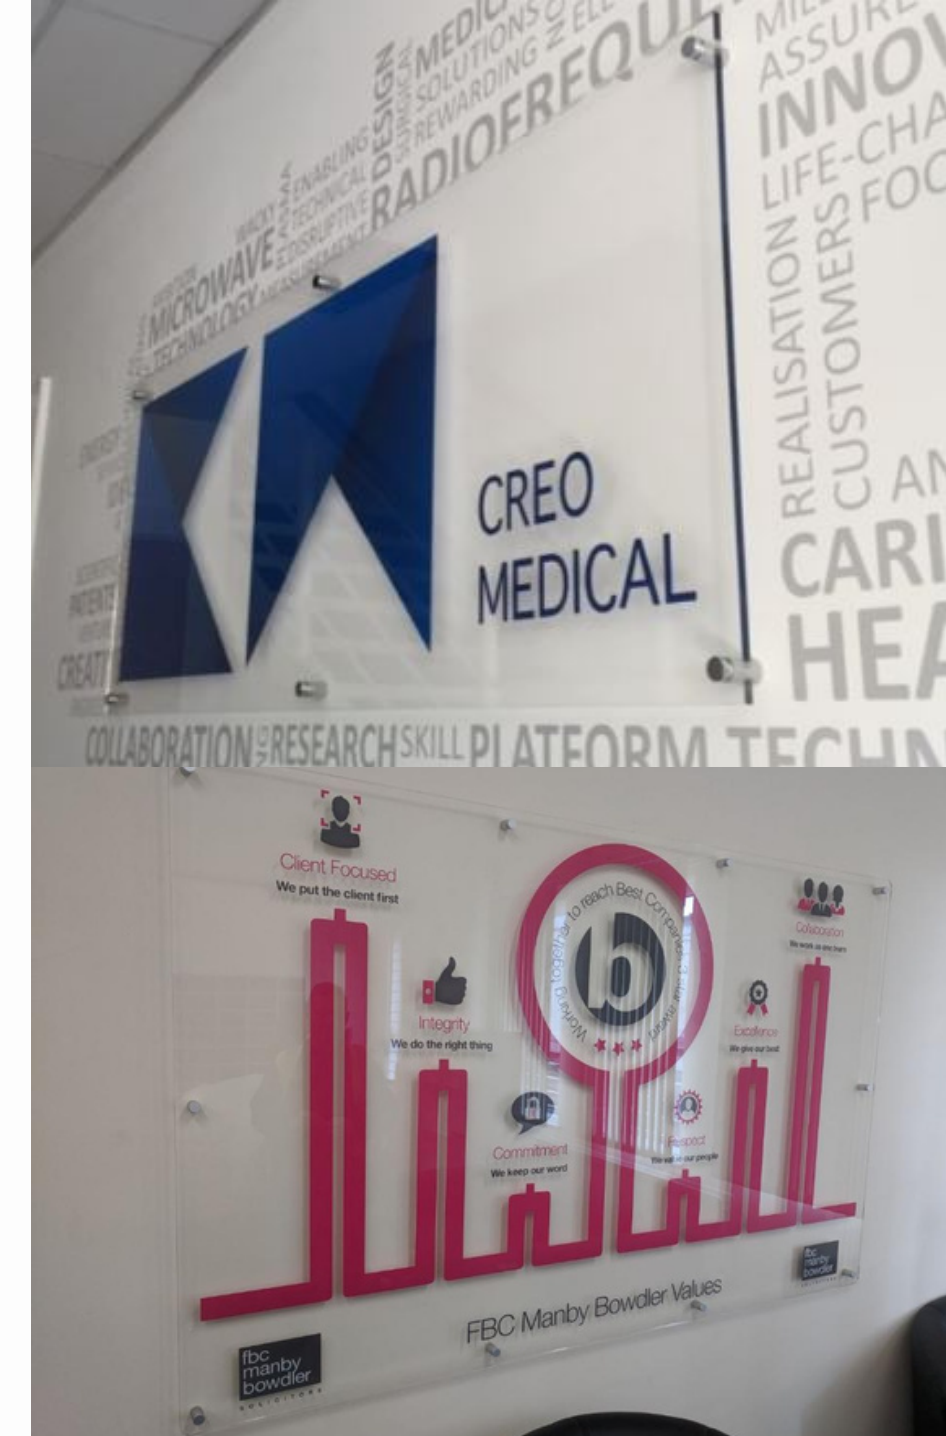

CREATED BY SIGNS NOW

OFFICE TECH BASIC

The acrylic for our office tech basic is raised off the wall on satin silver or gold stand-off fixings.

These signs can also be used externally if preferred and are relatively tamper-proof due to the graphics being applied to the rear of the clear acrylic.

These can be situated outside by an entrance door in a reception area, they can also be fitted in corridors or meeting rooms.

OFFICE TECH STANDARD

If you are looking for a more premium internal sign then our polished edge acrylic with optional brushed silver back panel is just the thing for you. The acrylic is raised off the wall on satin silver or gold stand-off fixings.

These signs can also be used externally if preferred and are relatively tamper-proof due to the graphics being applied to the rear of the clear acrylic.

These can be situated outside by an entrance door in a reception area, they can also be fitted in corridors or meeting rooms.

FLAT CUT LETTERS AND LOGOS

Our flat cut letters and logos are produced from 3mm aluminium faced or acrylic material, mounted on plastic stand-off fixings.

Available in a limited number of colours including brushed silver and gold.

TRAY SIGNS

Our flat cut letters and logos are produced from 3mm aluminium faced material and mounted on plastic stand-off fixings.

Available in a limited number of colours including brushed silver and gold.

WALL ART GRAPHICS

Vinyl graphics come in various forms from simple lettering and logos to full colour graphics.

These are ideal for enhancing your office. Motivational quotes can be shared or simple company logos.

WINDOW GRAPHICS

This material is available in a multitude of colours including frosted etch or alternatively we can print full colour graphics.

Vinyl Window graphics are also a good option for providing further information about your company such as phone numbers and/or websites and also full colour photographic images.

Hopefully this guide has been beneficial in visualising our full range of signs used to enhance the professional office!

Signs Now have been a supplier of quality signs to thousands of businesses across the UK for 25 years. We have a great deal of experience in all aspects of design, manufacture and installation. Please contact us today and we can discuss how to support you.
